
Our Vision

The purpose of the women's Ministry of First Congregational Church, is to support women in their relationship with God, so that through spiritual friendship, mentoring, modeling and teaching one another we might experience God's priorities and purposes for our lives, homes, families, church, community and beyond.

Women's Ministry Leader

Get the **411** Of Women's Ministry

God has placed an desire in my heart, to reestablish the women's ministry and become the leader at our church. After prayer and consulting with Pastor Jim and Cindy, I made the decision to go for it!

I began thinking of what I really wanted for this ministry and what my view is on it; and how I can share that with our ladies. I began mulling all of this over and I had all of these thoughts rattling about my brain but I couldn't pull it all together. So I went looking on line and this idea really helped me with all the "information" I wanted to share on women's ministry for my ladies.

It's called the 411!

Think of it as a recipe that is in three parts,

4 Parts People

1 Part Prayer

1 Part Progress

The 1st Part People is the leaders; myself as the women's ministry leader and the ladies who will be working alongside of me. We have a purpose and plan to carry out. We have a job to do. It's so very important that we are where we should be spiritually so that we can serve Christ by serving others through our women's ministry.

The 2nd Part People; are the ladies we will be working with and ministering to. We want to get to know them, their needs, and concerns. We want their feedback and want an open communication with them. We need to know what they want from our women's ministry so that we can make it tailored for them.

The 3rd Part People; is our local church family. We want our women's ministry to revolve around our church family and be an asset to it and to our church family members. Women's ministry should be helping to meet the needs of the entire church body not just the women. Women's ministry is an outreach of the church not the other way around. We need to see if there are needs that we can be working on within our women's ministry that will further our church growth and help the members of our church body.

Our 4th Part People; is our community. What are we doing to show our love for our community? Are we involved in showing an impact? Are there programs or projects that we can do through our women's ministry to fill a need in our community?

Our 1 Part Prayer; is a vital part. Whatever ministry we do for Christ has to have prayer behind it. We as leaders need to pray but we need the women and all of our church family involved in praying for our women's ministry. We have to make prayer a priority.

Our 1 Part Progress; is those things that we will work on. It includes all of the activities, events, and programs that we will be doing as a women's ministry. We are going to need help in all of these things. Everyone has to be involved, not just the leaders but we will be calling on others to help. We want to have opportunities for everyone to serve and get involved. We'll need feedback so we can move forward. We don't want to stay stagnant but have a vital ministry that reaches out and meets needs, mentors, and helps women grow in their relationship with the Lord.

This is my desire, I hope it is one shared by the ladies of my church. Please won't you join the GALS!
